

Introduction to Arthroscopy Course

This is a practical hands on course to gain experience in the techniques of arthroscopic surgery. Participants will receive a solid grounding in the basic arthroscopic procedures and have the opportunity to develop their manual skills.

The course will combine lectures with manual skills training on simulators and culminate in surgery simulation in the Anatomy Laboratory.

Who Will Benefit by Attending

- Orthopaedic Registrars

Benefit

- Participants will have the knowledge to perform basic arthroscopic procedures.

Each course is limited to 14 participants on a "first come" basis.

For Registration information please see next page.–
