

Introduction to Laparoscopic Surgery Course

Participants who have little or no experience in theatre work will receive instruction in the principles and methods of laparoscopic surgery. There will be plenty of opportunities to acquire manual skills during workshops designed to increase dexterity and depth perception skills and allow proper use of equipment.

Topics include:

- Endosurgery - principles and ergonomics, includes camera operation
- How to use vision and insufflation equipment
- Practice manual skills using training simulators

This workshop is limited to 8 participants on a "first come first serve" basis.

For Registration information please see next page.
