| Not attempted, participant felt unsafe         | 4    |   |      |

Now I'd like to ask you to do some physical performance tests. I will first describe and show each movement to you. Then I'd like you to try to do it. If you cannot do a particular movement or you feel it would be unsafe to try to do it, tell me and we'll move on to the next one. Let me emphasise that I do not want you to try to do any exercise that you feel might be unsafe.

### BALANCE TEST

**Instructions:** Start with B: Semi-tandem stand. If the person cannot hold the position for 10 seconds, ask them to attempt A: Side-by-side stand. If they manage the semi-tandem stand for 10 seconds, go straight to C: Tandem stand.

We know that people’s living environments are closely related to their health and well-being. We also know that people often move as they get older. The next questions now are about your house and about changing where you live.

**IB1. Has your place of residence changed since your last LILACS NZ interview about a year ago?**

No = 0 (Go to IB6) Yes = 1

*If ‘Yes’ to question IB1... and if more than one move, ask about last move only*

**IB2. When did you move?**

Date or best estimate
