Nurse Assistant: Laparoscopy Surgery

Dates for 2018: 11-12 June

Convened by:

Advanced Clinical Skills Centre

Ideally participants will have completed the Introduction to Laparoscopic Surgery first.

This course is for theatre nurses who have experience in laparoscopic surgery. They will be given in depth information and practice time to enable them to become proactive camera operators and first assistants in surgery.

Course content:

- Anatomy through a telescope
- How to assist in surgery
- Electrosurgery principles and safety
- Practise manual skills using training simulators

The course is limited to 8 participants on a “first come first serve” basis. NZ Trainees have priority.
