### Instructions

We ask you to perform 3 different tasks when including each photograph for submission:

1. Provide general details of the photograph

2. Upload the photograph

If your photograph includes people, please follow these instructions:

a) assign a number from left to right starting from #1 to all those ones who are identifiable in the photo (i.e., the first identifiable person from left to right would be assigned #1, the second identifiable person from left to right would be assigned #2, and so on). If there are more than one people in the same area, please start assigning numbers from top to bottom (please see example below).

b) indicate if they have given consent to be identifiable or not (please consider that if a person chooses to be identifiable, you must provide their written and signed consent for the photograph not be entirely de-identified by the research team).

3. Provide your reflection
